

# 2019 ASA Croatia Flotilla Itineraries

## ITINERARY 1; June 1 to June 8, 2019:

Saturday, June 1: Departure from Boatic Marina in Seget Donji near Trogir with final destination Dubrovnik.

As soon as we have been cleared to leave from the charter base, we head for our first overnight destination in the anchorage of Sesula on the island of Solta, a short 7NM away. We will anchor or take a buoy and have dinner at the local restaurant.

Sunday morning, we have a 17 NM sail to St. Klement Island on the Pakleni islands across from the historic city of Hvar. Depending on the weather, we will either anchor out or dock at the Palmizana marina. If we anchor out, we will go ashore with our dinghies and enjoy a short hike to the Dioniz farm/restaurant where we will be treated to a wonderful dinner of local specialties and wine from the farm.

If, due to weather we have to go to the marina in Palmizana, we will take water taxis and visit the antique Venetian stronghold city of Hvar where there are plenty of great restaurants to choose from for dinner.

Monday when we head to Vela Luka, on the island of Korcula. This is a charming well protected small port. Apart from the sailing yachts, not too many tourists come here but you will certainly have plenty opportunity to sample the local wines and culinary specialties.

Tuesday morning, we will have approximately 15NM to sail to the island of Lastovo which, until the independence of Croatia, was off limits to foreigners because of its military importance under Tito's Yugoslavia. There are still abandoned military installations easily visible. We will spend the afternoon and night at Luka Velji Lago with its marina of Ubli.

We are now midweek now on Wednesday and will return to the island of Korcula, for a 26NM sail to the fortified medieval city of Korcula, the home of Marco Polo.

Korcula is a fascinating small city with narrow streets that have been drawn in such a way that there is always a fresh breeze blowing one way or another. There are plenty of restaurants to satisfy any taste.

On Thursday, from this picturesque city, we will point our bows for a 16NM trip towards the national park island of Mljet where we will visit the medieval Benedictine abbey and venture inside the cave where, according to mythology, Odysseus was held captive by the nymph Calypso. We will dock at one of the restaurants in the stunning bay of Polace. The park vans will bring us to the national park and its saltwater lake of Veliko Jezero.

Our week will come to an end at the ACI marina in Dubrovnik on Friday and after a rather long sail of 35NM where our yachts will be cleaned and prepared for the second week adventure.

## **FLEET**

### **Dufour 460 Grand Large (2018) “Cetina”**
