

SAILING SAYS THANKS

To:

Date:

From:

We are participating in an initiative to give back to Covid-19 essential workers by giving them a sailing experience that allows them to **take a break from work and experience the relaxation of a sailboat on the water.**

We are looking for essential employees to serve and have identified your company as a possible partner. Here are some highlights of the program:

1. Employees sign up on attached signup sheet.
2. We will call and setup a sailing experience **outside of work hours.**
3. The cost is 100% free. We are volunteers.

If you would like to extend this opportunity to your valuable employees, please contact us via the information below.
