

MALLORCA, SPAIN, FLOTILLA
JUNE 12 – 19, 2021

Mallorca, the largest of the Balearic Islands, east of the Spanish mainland, has been for decennia one of Europe's main tourist destinations.

People come for the sun, the sea, the food, but the island is also becoming increasingly popular with North American sailors.

Sail with us from the island's capital, Palma de Mallorca, along its southwest coast and discover some real gems like the villages of Colonia Sant Jordi, Porto Colon, Porto Cristo and anchorages like Cala D'Or and Cala Mitjana.

Take a mooring ball in the bay of Isla Cabrera, a hauntingly beautiful natural park island with a tragic

history. A hike up to its fortress is a must.

Follow us on a land tour when we visit the spectacular Dragon Caves, have lunch at an organic vineyard, go to the Mallorca Pearl outlet and drive all the way up the mountain to the monastery of San Salvador from where you have an all encompassing view of the island and of the surrounding sea. Like with all our trips, we offer an exciting variety of culture, history and gastronomy. The cost per person is \$1,750.00 on a monohull and \$1,950.00 on a catamaran and includes the flotilla fee, a welcome cocktail on the Saturday before the departure and a welcome souvenir, courtesy of Med Sailing Adventures. Land tour is extra.

Book early as this will fill up fast!

***As always, looking forward to sailing with you!
Stay safe and healthy!***
